

Changes at SDE

It is with great pleasure that I am able to make the following announcement regarding the changes and strengthening of our team.

Lee Boyle, who has been with us for many years and opened our depots at St. Ives and latterly Stevenage, has been promoted to Group operations manager. Lee's former position as branch manager at Stevenage has been filled by the promotion of Angus Moore whilst Martin Seldon has joined as new member of the team at that depot.

Also joining the team as an area sales manager for St. Ives depot, is Ryan Seary. Ryan has much experience of the construction industry and is also an army veteran and gold medal winning swimmer at the Invictus games.

Adding to the lineup, based at St. Ives is Louise Grant. Louise will be responsible for customer communications and all quote follow ups. Louise is a whiz with a spreadsheet and has previously worked in customer services, so is well qualified to look after our quote system and make sure that our customers are getting what they want from us.

Now we have an area sales manager covering every depot, supported by a dedicated team and coordinated by Lee. I believe that this will enable us to improve our customer service and make dealing with SDE an even better experience.
